Media partnerships

Since 2012, culture360.ASEF.org has supported over 40 arts events through media partnerships in several countries of Asia and Europe. Through an open call process launched yearly, culture360.ASEF.org's media partnerships provide visibility and outreach to innovative arts events from under-represented or less-visible countries, regions and artistic disciplines.

The Media Partnerships offer customised communication activities through our channels, including promotion on our monthly e-newsletter, event posts on website and curated posts on social media channels with a particular emphasis on Instagram stories.
