Artscape - Menų agentūra Artscape

Arts agency ARTSCAPE is a project-based performing arts agency from Vilnius, Lithuania, working in the field of culture and arts management since 2012. We are passionate about art as a vehicle of social innovation and thus promote innovative cultural, artistic, educational projects as well as arts professionals in their careers paths and growth.

Artscape is working in 2 directions:

1. Artscape is a network and training hub for social engaged artists:
   - Organising trainings for theatre professionals
   - Exchanging practices in international contexts

2. Projects with communities to create a change
   - Professional theatre productions
   - Program with refugees
   - Program with communities from multi-ethnic backgrounds

The work of the agency is devoted to giving vulnerable communities access to a high-quality culture and initiating social change through participatory arts and advocacy. With its projects, Artscape contributes to the idea of an open society and the diversity of contemporary culture. It also creates opportunities for people who do not participate in culture and experience isolation to pursue their creative potential and participate in high-quality cultural activities.
