Kultur | lx – Arts Council Luxembourg runs schemes and programmes, and **helps Luxembourg to make its presence felt at international events**. Kultur | lx is also taking over responsibility for any **calls for proposals and applications that could be of interest to the sector**.

Kultur | lx was created in July 2020 as an initiative of the Luxembourg Ministry of Culture. The establishment of this new tool for the **support, promotion and development of the Luxembourgish cultural scene** is the result of a broad consultation with the creative sector.

Setting up this new institution is part of the Luxembourg government's cultural development plan, known as "Kulturentwécklungsplang 2018–2028". The operations of Kultur | lx revolve around **three core strategies**:

- Stimulating the career development of Luxembourgish creatives
- Supporting and encouraging the dissemination of artistic creation
- Boosting the impact and promotion of artistic creations in and outside of Luxembourg

Kultur | lx has already integrated under its roof some existing initiatives and missions of the sector, such as those of **music: LX** and **Reading Luxembourg**, and is working on developing others. In the medium and long term, Kultur | lx aims to become the preferred point of contact for the support and promotion of professionals from the following sectors: **architecture, design and crafts; multimedia and digital arts; visual arts; literature and publishing; music; and performing arts.**
