NEMO, the European Network for Museum organisations has recently published a new study on museums and sustainability.

The publication gathers texts about sustainability from its recent European Museum Conference, organised in November 2019 in Tartu, Estonia. NEMO wants to inspire museums to lead the way and become key players in creating a sustainable and equitable future and planet. It is time for museums to step it up and dare to take action.

ABOUT ASEF CULTURE360

culture360.asef.org brings Asia and Europe closer by providing information, facilitating dialogue and stimulating reflection on the arts and culture of the two regions.
