For more than 5 decades, the Singapore Film Society has been conceptualizing, sourcing, programming, marketing and managing a year-round line-up of quality film screenings that now averages over 200 movies every year.

Since 1996, we have been based at GV Marina. When we moved into this new permanent home, we became the first film society in the world to be based in a state-of-the-art, city-centre multiplex.

Our team of enthusiastic and highly experienced volunteers can conceptualize, create, and maximize the impact of any cinema-related event, big or small. We have one of the most well established membership bases in the region.
